Suite 2403
Miami, FL 33132

Dear Mr. Capponi,

Ref: Hurricane Dorian Relief and Rebuild – Abaco

I would like to take this opportunity to thank you for your assistance over the past ten weeks.

Your donation of essential hurricane relief supplies, building material, medical supplies and evacuation assistance has played a key role in the ongoing rebuilding efforts.

Additionally, your organizational and strategic plans to rebuild and repair homes and schools will prove to be an important catalyst for a speedy recovery.

On 1st September, GEM, Tropic Air, Mr. Andy Ingraham and other agencies attended a meeting at the residence of Consul General Mackey. Since that date, GEM has assisted our relief efforts, overseeing some thirteen shipments to Abaco totaling almost two million pounds of supplies and additional supplies via private planes.

The Government of The Bahamas has agreed to partner with GEM in the phase two plan to rebuild Cooper's Town, Murphy Town, Treasure Cay, Moore's Island and Sweetings Cay and Marsh Harbour in phase three. The local government agencies and port officials will be available to assist.

The Ministry of Works has completed a scope of work (copy attached) that will enable you to commence repairs to the primary and secondary schools in Cooper's Town and the All-Aged School in Moore's Island.

NEW WORLD TOWER, Suite 900, 100 N. Biscayne Blvd, Miami, Florida 33132
Telephone: (305) 373-6295 Fax: (305) 373-6312

GEM cont'd

Thank you again for your generous support and contribution to the relief and rebuild efforts in Abaco.

Kind regards,

A handwritten signature in black ink, appearing to read "Mackey", with a small flourish at the end.

Linda Mackey
Consul General
Bahamas Consulate General Miami
