To whom it may concern,

Lee County Emergency Management recognizes Global Empowerment Mission (G.E.M.) as a valued partner in serving the community and in their efforts to assist the citizens of Lee County in the wake of the catastrophic devastation wrought by Hurricane Ian.

G.E.M. deployed to the County shortly before Hurricane Ian made landfall and has been engaged in response and recovery missions ever since. G.E.M. has assisted with mission taskings from Lee County Emergency Management and has fulfilled vital needs for the impacted communities including, but not limited to emergency aid services, delivery missions, resource provision and distribution, and donation support.

Lee County Emergency Management is truly thankful for the partnership that we have with Global Empowerment Mission, and we appreciate the continued assistance provided to the community as we move forward into long term recovery. Lee County looks forward to the continued collaboration with Global Empowerment Mission during Hurricane Ian recovery and beyond.

Sincerely,

Sandra Tapfumaneyi
Lee County Public Safety-Emergency Management Director
