VENEZUELA EARTHQUAKES

RELIEVE. RESTORE. EMPOWER.

WHO WE ARE

Global Empowerment Mission (GEM) is a disaster relief organization dedicated to delivering the most aid to the most people in the shortest time, with the lowest cost to donors. Founded in 2011, GEM uses an innovative, scalable response model with pre-positioned resources and established distribution networks to deliver critical aid within the first 48–72 hours.

VENEZUELA EARTHQUAKES

On June 24, two powerful earthquakes struck Venezuela within minutes of each other, causing widespread destruction around Caracas and leaving families displaced with urgent humanitarian needs.

In response, GEM, in partnership with I Love Venezuela, is mobilizing immediate relief efforts. Our emergency response teams are deploying to assess needs and begin aid distribution. Volunteers are also urgently needed to help pack aid for Venezuela.
