VENEZUELA EARTHQUAKES

RELIEVE. RESTORE. EMPOWER.

WHO WE ARE

Global Empowerment Mission (GEM) is a disaster relief organization dedicated to delivering the most aid to the most people in the shortest time, with the lowest cost to donors. Founded in 2011, GEM uses an innovative, scalable response model with pre-positioned resources and established distribution networks to deliver critical aid within the first 48–72 hours.

VENEZUELA EARTHQUAKES

On June 24, two powerful earthquakes struck Venezuela within minutes of each other, causing widespread destruction around Caracas and leaving families displaced with urgent humanitarian needs.

GEM is currently on the ground in Venezuela conducting large-scale aid distributions to those affected by the earthquakes. We are committed to both immediate assistance and long-term recovery efforts to assist in the short and long term needs.
